CCA COMPETITION

Our school hosted an exciting skit competition. The event was designed to showcase creativity, teamwork, and acting skills. Participants performed captivating skits that entertained the audience and highlighted their talents. The competition encouraged students to think critically, express themselves, and collaborate with their peers. Moving forward, we aim to provide more opportunities for students to explore their talents and creativity, building confidence and teamwork while having fun!

Students from Grade VI to VIII participated in CCA competition on the topic of Independence Day. A Slogan is more than just a few words strung together; it is a powerful tool for communication. The slogan writing competition provides students with an opportunity to engage deeply with their nation's history and its foundational principles. It challenges them to reflect on what independence means to them personally and collectively. This exercise not only enhances their writing and creative skills but also fosters a greater appreciation for their country's heritage.
