Happiness Day for pre-primary students is a delightful and joyful occasion. The celebration is all about spreading smiles and creating fun moments. The goal is to fill the day with laughter, love, and a sense of joy, helping the little ones understand the beauty of happiness and the joy of sharing it with others.

Throughout the day, students engage in a variety of fun activities that promote happiness. The students wore yellow dress which is associated with joy, sunshine, and positivity, made it perfect for a celebration dedicated to spreading happiness.

# INDEPENDENCE DAY CELEBRATION

Independence Day is celebrated on August 15th every year to commemorate India's independence from British rule in 1947. Independence Day is a moment for reflecting on the nation's journey to freedom, celebrating its achievements, and reaffirming commitment to its values and progress. It is a time for Indians to come together, celebrate their national identity, and reaffirm their commitment to building a better future for their country.

Independence Day celebrations for pre-primary students focus on making the experience enjoyable and educational, fostering a sense of national pride and helping young children understand the significance of the day in a fun and engaging manner. On this day our students danced enthusiastically and sang melodious patriotic songs.
