TINY HANDS, BIG WONDERS

FRIENDSHIP DAY CELEBRATION

Friendship Day was celebrated with great joy and warmth by our pre-primary children on August 7, 2025. The day was all about cherishing the beautiful bond of friendship, sharing smiles, and learning the value of kindness. As part of the activities, the little ones made Friendship Bands using colorful papers, stickers, and glitter. Teachers also guided the children to reflect on the values of caring, helping, and respecting one another, planting seeds of empathy at an early age. The joyous atmosphere, combined with laughter and innocent expressions of affection, made the celebration truly heart-touching. They lovingly tied these bands to their friends, spreading happiness all around. Friendship Day was indeed a heartwarming experience, leaving our tiny tots with memories to treasure and bonds to cherish.

INDEPENDENCE DAY CELEBRATION

On the bright morning of 18th August, our school came alive with patriotic spirit and vibrant celebrations as we marked the 79th Independence Day of India.

This was followed by a series of cultural performances by students from various classes. These included patriotic songs, group dances, skits on freedom fighters, and a poem recital on India's journey from slavery to freedom. Each performance reflected the dedication and enthusiasm of the students and their love for the country.

A special highlight of the event was a skit and dance based on 'OPERATION SINDHOOR'.

“उ – उल्लू” WITH PAPER BAG ACTIVITY

To make learning Hindi letters fun and interactive, our pre-primary children participated in a joyful “उ – उल्लू” with Paper Bag activity on 13th August, 2025. Using simple brown paper bags and colourful chart papers, the little ones created adorable owl crafts while learning the sound and shape of the letter “उ”.

The children excitedly pasted big round eyes, wings, and a bright beak on their paper bags, turning them into cute owls. They also practised writing the letter “उ” and proudly identified the word “उल्लू”. This hands-on craft not only strengthened their letter recognition but also enhanced their creativity and fine motor skills.

TINY HANDS, BIG WONDERS

BOOK FAIR

Our pre-primary children had a joyful experience at the Book Fair organized in school from 21st August to 23rd August 2025. The little ones explored colourful storybooks, picture books, and rhyme collections that sparked their imagination and love for reading. Teachers guided them in choosing books while children eagerly flipped through pages filled with exciting characters and illustrations. The fair created a lively atmosphere, nurturing early reading habits and building curiosity in young minds. It was truly a celebration of stories and learning!

GANESHA CHATHURTHI CELEBRATION

On 26th August 2025, to celebrate the joyous occasion of Ganesh Chaturthi, our pre-primary children participated in a delightful clay modelling activity. With tiny hands and endless enthusiasm, the little ones shaped beautiful eco-friendly Ganeshas out of clay. This creative exercise not only helped them learn about the festival and its significance but also encouraged imagination, fine motor skills, and a sense of devotion. The activity filled the classroom with festive cheer as children proudly displayed their little Ganeshas, spreading the message of love, creativity, and eco-friendliness. Our school management organized a truly memorable Ganesh Utsav filled with devotion, music, and joy. The festive occasion became even more special with the presence of renowned playback singer Mangli and Oscar-winning music director M.M. Keeravani, who graced the event with their soulful performances.

THANK YOU
